

VISIONEN

Mediadata

2026

«Informative and up to date since more than 40 years! Do you also have Visions?»

Content and Readership

History

The association of computer science students at ETH Zurich (VIS) has been publishing the official newsletter «Visionen» since its founding in 1984. The first issue appeared on May 18th, 1984. Ever since, the magazine has continuously evolved and enhanced. Today, "Visionen" presents itself as an informative journal that strives to be more than just a club newspaper.

Production

«Visionen» is being produced by a team of committed volunteer students. Among the contributors are students, assistants, lecturers and industry insiders. Articles are written in German or English.

Content

«Visionen» covers a broad range of topics:
→ Communication of study-related topics in collaboration with the department of computer science, such as introduction of new professors or announcements regarding courses.
→ Specialized articles about various branches of computer science: Current research projects, legal and social issues as well as technical articles.
→ Humorous and informative pieces about student culture and events.

Distribution

Circulation:
→ Total circulation: 1'000 copies.
→ Online circulation: 3'200 copies.
Readership:
→ Computer science students at ETH Zurich
→ Ph.D. students of the department of computer science at ETH Zurich
→ Professors of the department of computer science at ETH Zurich
→ ETH Alumni
→ Interested companies

Distributed per email to all students of computer science and postally to subscribers. Students of the first year receive the magazine automatically and free of charge and students of higher years can at any point subscribe for free. The remaining issues are spread in the buildings of the department and other important buildings of ETH.

Release cycle:
6 issues per year (3 per semester)

Why advertise in 'Visionen'?

→ «Visionen» is the means of communication between businesses and potential employees in the domains of computer science and consulting.
→ The journal enables promoting your business, your products and your technologies to the computer scientists of tomorrow.
→ An advertisement in «Visionen» reaches 3000 young, intellectually aware individuals aged between 17 and 30.

Last updated: 18.10.2016

THE GENERAL TERMS AND CONDITIONS OF VISIONEN ARE NOT LEGALLY BINDING EXCEPT FOR THE GERMAN VERSION. THIS TEXT HAS BEEN TRANSLATED AND MAY CONTAIN FAULTS BOTH IN CONTENT AND LANGUAGE.

The contract between the Visionen (hereinafter “publisher”) and the party placing the order for the advertisement (hereinafter “advertiser”) shall be concluded through a written confirmation by the publisher.

¹ A contract that is binding for both parties is concluded with the publisher’s consent to reconfirm the order. A confirmation of the advertisement in the company platform VISIT is equivalent to a confirmation. The order is subject to these terms and conditions, which the publisher shall identify to the ordering party in a suitable manner. Subject to printing errors or deviating agreements between the parties, the information in this document “VISIONEN Mediadaten 2026” shall apply.

² The placement of the advertisement is in principle reserved to the editorial staff, unless a different regulation has been agreed in writing beforehand.

³ The ordering party is responsible for the content of its advertisements. The publisher reserves the right to reject advertisements with or without giving reasons.

⁴ The ordering party is responsible for the timely delivery of a perfect artwork. The deadlines for advertisements stated on page 2 are decisive. If the artwork is not delivered on time, the client shall nevertheless remain obliged to pay. The order does not include any further processing by “VISIONEN”.

⁵ The publication dates given on page 2 are indicative only. The actual publication date may differ. The publisher endeavours to adhere to the guide values. Without additional written agreement, the publisher cannot be held liable for a delayed publication within a tolerance of 10 working days and the ordering party is obliged to pay for the advertisement.

⁶ If the advertisement is printed illegibly, incorrectly or incompletely in whole or in part, the ordering party shall be entitled to a reduction in payment or a replacement advertisement, but only to the extent that the purpose of the advertisement has been impaired. Further liability on the part of the publisher is excluded.

Complaints must be made within 2 weeks of receipt of invoice and receipt.

⁷ Printing documents and data carriers shall only be returned to the ordering party upon special request. The publisher is responsible for ensuring that the original is used exclusively for the purposes specified in the order and is not accessible to unauthorised third parties.

⁸ A “good-to-print” advertisement is uploaded to the VISIT company portal. In order not to delay the publication unnecessarily, any corrections must be notified to the publisher within 2 working days of receipt. No feedback within the aforementioned period will be considered as a confirmation.

⁹ In the event of force majeure, any obligation on the part of the Publisher to fulfil orders and provide compensation shall cease. In particular, no compensation shall be paid for unpublished or untimely advertisements.

¹⁰ The placement of advertisements for the “VISIONEN” is permitted. Additional costs such as commissions of the mediating company must be added to the prices on page 2. However, the price stated on page 2 must be communicated transparently to the end customer.

¹¹ Agreements between the publisher and the client that deviate from these terms and conditions must be made in writing.

¹² Should one of the above provisions be invalid, this shall not affect the validity of the other provisions.

¹³ Place of jurisdiction for both parties is the registered office of the publisher.
